## **State Street Roadway Improvements**

### **PROJECT OVERVIEW**

The State Street Roadway Improvements are the final phase of work following the completion of water and sewer replacement projects. This 1/2-mile long project will reconstruct the roadway from Maple Street to High Street.

### **PROJECT SCHEDULE**

Construction is expected to begin in July and be completed in mid to late November 2011.

### **PROJECT STATISTICS**

The project will provide full-depth reconstruction of the roadway cross-section and will include the following replacements, upgrades and minor improvements:

- 1/2-mile of reconstructed roadway
- 4700 linear feet of new and reset granite curbing
- 3900 linear feet of reconstructed sidewalks
- 15 upgraded sidewalk accessible ramps and detectors
- New roadway striping and crosswalks markings
- Upgrades to existing pedestrian table crossings at Framingham State University
- Reconstruction of the sidewalk on Maynard Road
